## CERTIFICATES.

Mark-lane, February 10, 1824.

WE hereby certify that the largest quantity of fine wool (being more than two tons weight\*) was imported from New South Wales in the month of July 1823, by John M'Arthur, Esq. per William Shand, Captain A. Kenn, and deposited in our warehouse, Duck's-foot-lane.

66, Coleman-street, London, February 11, 1824.

I HEREBY certify, that John M'Arthur, Esq. imported in the William Shand, Captain A. Kenn, from New South Wales, eighty bales of sheep's wool, from which the fleeces now produced were selected; and that at least eight hundred pounds were equal in quality to the said fleeces.

I further certify, that I sold by public auction, on the 27th day of June last, the said eighty bales of wool, and that the net weight of wool therein exceeded eighteen thousand pounds, which is the largest quantity of fine wool imported from the colony of New South Wales by any house during the past year, (1823).

In comparing the fleeces with the wools of Spain and Germany, I am fully of opinion that the quality is superior to the finest wool imported from Spain, and equal to the
